ABOUT
KS LIGHTING GROUP

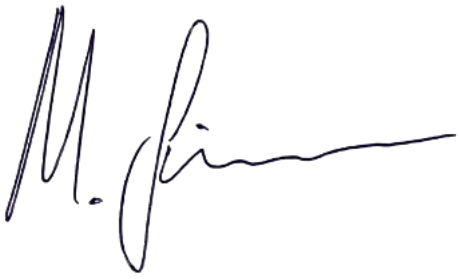

KS Lighting Group / KS Lampshades is a Danish company founded by Kaj Simonsen in 1976. What began as a small business has grown into the leading lampshade manufacturer in Denmark. Today, the company is run by Simonsen's descendants.

Lampshades remain as the core of our identity, with most new designs reflecting our original DNA.

Our products are sold through top retailers in lighting, furniture, and interior design, and we also offer private label production.

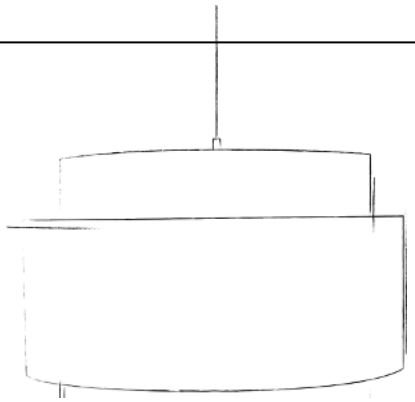

We aim to be the preferred partner for architects and interior designers creating solutions for homes, hotels, restaurants, and commercial spaces.
We believe in sustainability through long-lasting quality, using the best materials and sourcing locally whenever possible.
